THE

ELECTRICAL WORLD.

75019

A WEEKLY REVIEW OF CURRENT PROGRESS IN ELECTRICITY AND ITS PRACTICAL APPLICATIONS.

Volume XVII.

From Jan. 3 to June 27, 1891.

NEW YORK:
THE W. J. JOHNSTON CO., LTD.,
167-177 TIMES BUILDING.

INDEX TO VOLUME XVII.

* Illustrated articles. The weekly Departments are not indexed.

BOOK REVIEWS.

Electric Bell Construction, by F. C. Allsop.... 90
Lectures on the Electromagnet, by S. P. Thompson.... 108
First Principles of Electrical Engineering, by C. H. W. Biggs.... 186
Practical Electrical Engineering.... 204, 386
The Electrician Trades' Directory and Handbook for 1891.... 222
Die Elektrischen Verbrauchsmesser, by M. Etienne de Fodor.... 238
The Elements of Dynamic Electricity and Magnetism, by Philip Atkinson.... 270
Appleton's School Physics.... 270
Hints to Power Users.... 302
The Electroplater's Handbook.... 338
Universal Wiring Computer, by Carl Hering.... 354
Decorative Electricity, by Mrs. J. E. H. Gordon.... 432

THE TELEPHONE.

American Bell Telephone Company, Annual report of.... 273
Bell telephone in the South.... 37
*Berliner transmitter.... 11
Hartford, Conn., telephone exchange at.... 186
London-Paris telephone and the press.... 330
Overland telegraph and the telephone, by T. D. Lockwood.... 162
Telephone and telegraph, The inventors of, by Thos. Gray.... 310
Telephone business in Central New York.... 110
Telephone business in Mexico.... 363
Telephone charges, Prospect of reduced, by James H. Howard.... 238
*Telephone circuit, Electrostatic and electromagnetic induction between, by A. E. Kennelly.... 277
*Telephone circuits, Inductive disturbances in, by J. J. Carty.... 241
*Telephone circuits, Inductive disturbances in, Discussion of Mr. Carty's paper.... 276
Telephone exchange, Steamer connected with the.... 364
Telephone patents in France, Edison.... 289
*Telephone switchboards (Williams).... 99

THE TELEGRAPH.

Local telegraph company, at Adrian, Mich.... 364
Local telegraph company, Richmond, Ind.... 274
Ocean telegraphy, Cyrus W. Field's views on the future of.... 111
Telegraph and telephone, The inventors of, by Thomas Gray.... 310
*Telegraph correspondence, Some early.... 374
*Telegraphic transmission on long subterranean lines without the use of relays.... 44
Telegraph in Budapest.... 48
Telegraph statistics, European.... 216
Telegraph tariff, German.... 93

ELECTRIC LIGHTING.

*Arc currents stabled by the regulator, by Daniel Higham.... 45
*Arc lamps, The Graves.... 24
*Arc lighting station, The largest in the world (at St. Louis, Mo.).... 4
*Athens (Greece) electric lighting plant.... 239
Brooklyn Edison plant exhibition.... 358
*Buckeye lamp and its manufacture.... 362
*Carbon deposit on an incandescent lamp globe.... 46
*Central station of Siemens & Halske, in Berlin, Germany, by Alex. Von Babo.... 413
*Chicago, Edison company's South Side station.... 274
City lighting plant for Chicago.... 11
Classification of the lighting power of incandescent lamps, Report of committee on (Providence Convention).... 170
*Columbus, O., Electric lighting in.... 70
*Dover (N. H.) Light and power station.... 90
*Electrical illumination of New York City's new music hall.... 371
Electric light and railway statistics of the Thomson-Houston Company.... 110
Electric light company's rules, An.... 192
Electric lighting as applied to steam railroads, by W. H. Markland.... 158
Electric light for transporting plants.... 462
Electric light plants, High steam pressure in.. 457
*Electric-light plant of the Fuerst Bismarck.. 475
Electric lighting in London, by F. Bailey.... 27
Electric lighting in Massachusetts, Statistics of.... 240
Electric lighting in Pittsburgh, Growth of.... 355
Electric light in the Holy Land.... 216
Electric lighting, Notes on the economy of, by Dr. Louis Bell.... 2
*Electric lighting of St. Brieux.... 359
*Electric light plant on the ferryboat John G. Mc.ullough.... 287
*Electric light pole (Millikin).... 195
Electric lights in the Hofburg.... 36
Electric light wiring installations from a mechanical standpoint, by Augustus Noll.... 176
*Electro calcium lighting apparatus.... 262
*Elgin watch factory, Electric lighting in.... 130
Ferranti system, by Caryl D. Haskins.... 171
*Gardner, Mass., Electric lighting plant at.... 303
Incandescent lamps, Highest economy in the use of, by H. Ward Leonard.... 288
*Incandescent lamp patent suit.... 412, 434, 443, 464
Incandescent lamps, Repairs of.... 259
Incandescent lamps, Smoking of a ceiling above, by Minor M. Davis.... 206
Incandescent lamps, Smoking of a ceiling by, by A. B. Upham.... 190
Incandescent lamp, The, by Thos. Grier.... 311
*Isolated electric light plant operated by a gas engine (N. Y. City).... 205
*Isolated plant in Brooklyn.... 339
*Lighting plant at Port Richmond.... 426
McVicker's Theatre, Chicago, Electrical equipment of.... 254
Moonlight tables for February.... 70
Moonlight tables for March.... 152
Moonlight tables for April.... 270
Moonlight tables for May.... 302
Moonlight tables for June.... 336
Moonlight tables for July.... 486
Municipal lighting: Decision of the Supreme Court of Massachusetts, in the case of Peabody, Mass.... 64
*Narragansett Electric Lighting Company's station at Providence, R. I.... 126
*New Haven (Conn.) arc light station.... 321
*Projector with concentric carbons (Irish's).. 262
*Providence, R. I., Narragansett lighting station at.... 126
*Railroad lighting plant (Central R. R. of N. J.).... 55
*St. Paul, Minn., Lighting of the Metropolitan Opera House, by Clarence M. Tolman.... 133
*Victoria, B. C., Electric light central station at.... 271
Webster City, Iowa, municipal lighting plant.... 240

ELECTRIC RAILWAYS AND RAILWAY APPARATUS.

Annual report of the Federal Street and Pleasant Valley Railway Company.... 131
*Bagnall trolley wire crossing.... 12
*Bates sand distributor.... 262
*Baxter railway generator.... 194
*Baxter street railway motor.... 3, 41
*Bracket for street railways, A long.... 12
Budapest electric tramway system.... 18
*Cross-over for electric railways (Electrical Supply Company).... 295
*Cut-out for railways, Magnetic.... 462
*Dahl's slow-speed railway motor.... 216
Electricity as the rival of steam, by Dr. Louis Bell.... 211
Electricity in the Transandine Railway.... 41
*Electric railroads, The construction and care of, by A. E. Colgate.... 205, 225, 243
*Electric freight car.... 462
Electric railway between Vienna and Budapest.... 78
Electric railway, Notes on the: historical, statistical and technical, by Franklin L. Pope.. 81
Electric railway statistics of the Thomson-Houston company.... 110
Electric railway, The development of, by F. J. Sprague.... 165
Electric street-railway plant, Test of, at Urbana, Ill., by W. A. Boyd.... 457
Electric traction, by F. H. Monks.... 163
Electric tramway at Rome.... 240
First electric railway, by L. F. Andrews.... 186
*Giles street railway bracket.... 295
*Giles street railway pole and bracket.... 448
*Henry electric motor truck.... 37
High-speed electric railways, Prof. W. D. Marks.... 18
High-speed electric railway work, Discussion of O. T. Crosby's paper on.... 229
*High speed electric railway work, Report on, by O. T. Crosby.... 207
Lincoln, Neb., Electric railways in.... 36
*Line accessories for street railways (Trolley hanger and centre curve insulator).... 24
*Line appliances for street railways (Trolley switch and span insulator; Pierce Bros.).... 101
Long-distance railway work.... 348
Minneapolis, Minn., Electric railways in.... 36
Overhead electric system, Opinion of John D. Crimmins on the.... 196
Pittsburgh, Pa., Federal Street and Pleasant Valley Railway Company, Annual report of.. 131
*Pull-off bracket, Gould & Watson's.... 313
Rapid Transit Commissioners, Report of.... 427
Rapid transit at the New York Electric Club. 197
Rapid transit by electric motors, by F. J. Sprague.... 457
Rapid transit for New York City, F. J. Sprague's solution of the problem.... 143
Rapid transit in New York.... 254
Rapid transit in New York City, Moses G. Farmer on.... 78
Rapid transit in New York City, Stephen D. Field on.... 120
Rapid transit system, Considerations which should govern the selection of, by F. J. Sprague.... 402, 437
*Reno underground railway.... 458
Riverside Park electric railway.... 483
Rochester, N. Y., street railway, Progress in.. 93
*Short gearless railway motor.... 256, 360
*Sterling trolley hanger.... 295
*Street railway pole ratchet (Electrical Supply Company).... 263
Street railways, Statistics of.... 347
Test of the power plant of the Utica, N. Y., Belt Line Railway, by O. G. Heilman and H. B. Clarke.... 418
*Thomson-Houston slow-speed railway motor ("S. R. G.").... 93
*Trolley arm, The "Common-Sense".... 194
Trolley system for city service, by F. H. Monks, O. T. Crosby and J. C. Henry.... 370
Trolley, The covetous, by S. J. MacFarren.... 476
*Trolley wire clamp, Brewster.... 137
*Trolley wire hanger (Electrical Supply Company's).... 120
*Trolley wire insulator (Emmet Bros.).... 362
*Underground electric railway for New York city (Reno's).... 109
*Underground railway system, Munsie-Coles.. 289
*Waddell-Entz street railway system.... 354
West End street railway, Statistics of.... 93
*Westinghouse four-pole railway motor.... 191
*Westinghouse gearless railway motor.... 275
*Westinghouse slow-speed street car motor.... 155
*Westinghouse street-car lightning arrester.... 259
*Wheeler's double trolley system.... 192

ELECTRIC MOTORS AND THE TRANSMISSION OF POWER.

*Arc motor, Governor for (Card company's).... 120
*Baxter multipolar stationary motor.... 18
*Cranes in Philadelphia, Electric traveling, by W. A. Stadelman.... 43
*Crocker-Wheeler motors, Dimensions of.... 130
Davenport, Thomas, Some correspondence of.. 306
*Edison electric drill, Trial of.... 275
*Edison small slow speed motors.... 389
*Electrical equipment of our "Squadron of Evolution," by Lieut. Hamilton Hutchins.. 73, 97
Electrical utilization of water power.... 296
*Electric elevators, Differential gear for, by G. A. Jungren.... 373
*Electric hoist, A Thomson-Houston.... 192
*Electric hoists in mine haulage.... 442
*Electric hoist, Perret single reduction.... 313
Electricity in mill work, by C. S. Hussey.... 343
Electricity developed by water power.... 486
Electric motors, Alternating current, by Dr. Louis Duncan.... 341, 357
Electric transmission of power.... 214
*Fan motor, Ford & Washburn.... 362
*Fan motor, Kimball's.... 314
*Fan motor, Meston.... 426
*Fan motor, Novelty.... 314
*Fan motor, Stanley.... 363
*Fan motor, The Chicago.... 389
*Fan motor, Wagner.... 380
*Fan motor, Westinghouse.... 388
*Fan motor, The Edison.... 486
*Foree Bain's small motors.... 79
Ganz alternate-current motors.... 342
*Henry's electric motor, constructed in 1831, by J. Elfreth Watkins.... 342
*Invalid chair, The Johnston.... 486
*Jenney motor applied to a hydraulic pump.. 364
*Kimball's fan outfit.... 314
Organ-blowing plant (Perret).... 154
*Perret low-speed motor for elevator work.... 44
Portelectric Company, Report on the electrical transportation system of, by Franklin L. Pope.... 374
*Porter motor.... 163
*Simplex motor.... 331
*Snow sweeper, An electric (McLain).... 42
Stationary electric motors, The perfection of, by F. B. Crocker.... 400, 422
Transmission of power, Experiments at high pressure.... 137
*Transmission of power experiments at Oerlikon, by Dr. Oscar May.... 291

DYNAMOS.

*Bradley dynamo.... 380
Commercial rating of electric generators, by Thos. G. Grier.... 59
*Compound dynamos.... 60
*Constant-current dynamos, armature reaction in, by H. S. Carhart.... 416
Design of dynamos and motors, by John Beattie, Jr.... 18
*Electroplating dynamo, Hanson & Van Winkle.... 442
*Ford & Washburn dynamo and motor.... 11
Foucault currents in dynamos, by J. Swinburne.... 440
Foucault currents, etc., in dynamos, by R. H. Housman.... 482
*Generators, regulation for constant-current, by Alex. Dow.... 278
*Howard dynamo.... 363
*Kingdon inductor dynamo.... 257
*Mitis metal for dynamo magnets.... 137
*Multipolar dynamos, Notes on the design of, by W. B. Esson.... 323, 346, 377
*Multipolar dynamo (Perret).... 6
*Open-coil arc dynamo, Study of an, by M. E. Thompson.... 392
*Perret multipolar dynamo.... 6
*Riker dynamo and engine combined.... 313
*Siemens compound wound dynamo.... 363
*Westinghouse multipolar generators.... 425
*Winkler dynamo and motor.... 455

ALTERNATING-CURRENT PHENOMENA AND APPARATUS.

*Alternate-current flow, Some effects of, in circuits having capacity and self-induction, by J. A. Fleming.... 379, 439
*Alternating-current electric motors, by Dr. Louis Duncan.... 341, 357
Alternating currents, Distribution and care of, by T. Carpenter Smith.... 472
*Alternating currents, Distribution of power by, preliminary statement, by Wm. Stanley, Jr., and John F. Kelly.... 432
Alternating currents of high frequency, Physiological effects of, by Elihu Thomson.... 214
Alternating currents of very high frequency, Phenomena of, by Elihu Thomson.... 204, 254, 302
Alternating currents of very high frequency, Phenomena of, by Nikola Tesla.... 128, 223, 272
*Alternating electromotive forces, striking distance of, by Robert Shand.... 108, 256
*Alternating influence machine, Wimshurst's. 343
Alterna ors, The coupling of.... 152
Converters, Use of oil in.... 295
*Electrical distribution by transformers from central and eccentric stations, by Dr. J. A. Fleming.... 20, 61, 75, 112
*Lahmeyer current transformer.... 463
*Rotary currents, Deductions and experiments on, by A. du Bois-Reymond.... 477
*Transformer distribution, by Dr. J. Swinburne.... 227, 245, 260, 270
Transformer formulæ.... 242
*Transformer, The Stanley.... 273
Transformers, Efficiency of, by E. Wilbur Rice, Jr.... 193
Transformers, Efficiency of, by Wm. Stanley, Jr.... 128
*Transformers, Magnetic circuit of: Closed versus open, by S. Evershed, 225, 243, 258, 280, 308, 325, 344, 376, 423
*Transformers on a three-wire system, Coupling, by A. L. Pierce.... 18
*Transformers, open-circuit, Variations of current in the primary conductor of, by Robert Shand.... 222, 302
Transformers, open-circuit, Variations of current in the primary of: Reply to Mr. Robert Shand, by Wm. Stanley, Jr.... 254

ELECTRICAL MEASUREMENT AND MEASURING APPARATUS.

*Alternate-current potentiometer, by Geo. S. Moler.... 394, 436
*Construction and use of electrical testing apparatus, by Chas. P. Frey.. 10, 21, 39, 60, 76, 96, 118, 132, 155, 190, 215
Electrical Standards Committee of the Board of Trade, Report of.... 222
Electrical and magnetic units, On the absolute dimensions of, by H. S. Rodgers.... 322
Electrical units, by Prof. A. L. Kimball.. 38, 56, 72
Electrical units of the present and future, by Prof. F. B. Crocker.... 8
Electric meters, by Geo. W. Walker.... 404, 438
*Electrostatic wattmeters, Note on.... 257
*Elieson's electric meter.... 152
*Holtzer-Cabot pressure indicator.... 80
*Magnetic vane ammeters and voltmeters.... 280
*Measuring instruments, Queen & Co.'s.... 331
*Measurement, Commercial, of high insulation wires, by Carl Hering.... 188
*Measurement of electric power by means of a voltmeter, by J. Swinburne.... 290
*Measurement of electric power given to an inductive circuit, by Dr. J. A. Fleming.... 424
*Measurement of the power given by any electric current to any circuit, by Dr. J. A. Fleming.... 329, 374
Paris electric meter competition.... 479
*Photometers.... 307
*Pressure regulator, by W. L. Puffer.... 314
*Wheatstone's Bridge, Pneumatic analogue of. 435
*Wirt pressure indicator.... 246

MINING.

Electrical transmission and conversion of energy for mining operations, by H. Ward Leonard.... 361
*Mining locomotive (Thomson-Van Depoele).. 99
*Mining plant at Telluride.... 223
*Motors for mining work (Goolden).... 119
*Perret-Stine-Smith electric coal mining machines.... 6

ELECTRIC WELDING AND METAL WORKING.

*Aluminium, Electricity in the production of, by Alex. S. Brown.... 336
Aluminium problem, The future of, from the chemical standpoint, by Dr. Wm. H. Wahl.... 418, 437
Aluminium, The properties and the production of, by Prof. F. B. Crocker.... 360
Aluminium, The properties of, by Chas. M. Hall.... 390
Electric welding.... 339
Electric welding, The practical aspects of, by F. A. C. Perrine.... 396, 421
Welding glass and porcelain to metals.... 213

BATTERIES.

*Accumulator, A new ("New Era").... 195
Alkaline accumulator.... 19
*Cambridge accumulator.... 246
*Clark standard cell, Memorandum on the preparation of.... 463
High power batteries.... 339
*Nassau pocket battery.... 314
*Primary battery, New ("Champion").... 46
Reynier storage cell, Discharge rate of, by Henry E. Dey.... 206
Secondary batteries, Notes on, by Dr. I. Kitsie. 192
*Selenium cells, Some experiments with, by Shelford Bidwell.... 20
Simplex battery frame.... 42
*Sloane primary cell.... 100
*Storage battery plant, A successful (Scherrerhorn Building).... 19
Storage car system in Washington, D. C.... 186
Voltaic battery, A simple.... 486

CUT-OUTS, SWITCHES, ETC.

*Bagnall fuse switch.... 348
*Bathurst's cross-over block.... 380
*Bergmann ceiling pendant and switch.... 24
*Bergmann cut-out.... 24
*Bergmann switch.... 23
*Cartwright rosettes, Three styles of.... 259
*Cartwright waterproof socket.... 229
*Ceiling pendant and switch (Bergmann).... 24
*Chase strain insulator.... 42
*Connector for batteries.... 62
*Connector for street car lighting circuits (Cutter's).... 362
*Cut-out for fixtures (Emerson Electric Mfg. Co.).... 11
*Cut-out, The Bergmann.... 24
*Cut-out, The Dayton arc light.... 80
*"E. E. & S." rosette cut-out.... 137
*E. E. & S. socket for incandescent lamps.... 10
Electrix combination cut-out and insulating joint.... 442
*Electrix key socket.... 275
*Emerson ceiling cut-out.... 42
*Emerson switchboard hook.... 42
*Fixture, Combined electric and gas (Vosburgh).... 314
*Fixture, Combined gas and electric light.... 194
*Fletcher's wood risers.... 101
*Flexible lamp support (Almond's).... 64
*Gwynn lamp globe.... 195
*Insulator knob, Glass (Giles).... 46
*Key socket for incandescent lamps ("E. E. & S.").... 10
*Lamp shade (Aluminium).... 426
*Lamp socket The Insulite.... 194
"Model" shade holder.... 283
*Newton lamp extension device.... 246
*Paiste china switch.... 42
*Paiste switch lamp socket.... 426
*Remhof shade holder.... 362
*Reflector for large chandeliers, Fink's.... 100
*Rosette and snap switch, combined.... 389
*Smith rosette cut-out.... 295
*Span wire insulator, Railway.... 380
*Sperry snap switch.... 296
*Switch, double break (Electrical Supply Company).... 137
*Westinghouse automatic circuit breaker.... 275
*Wire and Plate gauge.... 426
*Wire gauge, A self-registering (Shapleigh's).. 62
*Wire joint (Bergmann's).... 12
*Wood's testing apparatus.... 100

MISCELLANEOUS ELECTRICAL APPARATUS.

*Bell, A diminutive (Edwards & Co.).... 262
*Bell, A new electric (Walter Hay Mfg. Co.).. 100
Burton electric heater, A novel use for.... 50

INDEX.

*Cables, Paper insulation for..... 362
*Carbon rheostat, Another early granular, by A. M. Tanner 465
*Conduit, Single duct 280
*Conduit, Wright's flexible..... 195
*Cope's pilot line apparatus..... 295
*Door pull, An electric..... 364
Electrical saw, A simple..... 263
Electrical trumpet..... 232
Electric boat (Collins) 432
*Electric heater, The Burton..... 441
Electric pinnace, Launch of 263
Electric tanning..... 364
*Electro-medical apparatus 441
*Exercising machine, An electric..... 79
Fire alarm, An auxiliary..... 358
*Government electric launch..... 289
*Interior Conduit Company's twin conductor.. 331
*Interior conduits, Metal covered..... 313
*Instructor, Electric automatic..... 46
*King annunciator..... 262
*Lighting arrester, The swinging-ball..... 463
*Magneto bell, A novel 80
*McCann signaling system..... 348
*Ongley electric register and safety signal system 79
*Ostrander's electric bell 364
*Phonopore, The 189
*Photographic timing device, An electric ... 80
*Race indicating intrument (Mott's)..... 119
*Thermostat, An electro-pneumatic (Edwards & Co.)..... 100
*Thermostat, Copenhagen 426
*Time-Edison torpedo..... 305
*Soldering iron, An electric (Miner's)..... 64
*Sporting bulletin (Mott's)..... 57
*Stewart-Hall train order signal..... 62

SOCIETY MEETINGS.

American Institute of Electrical Engineers, Attendance at the annual meeting..... 388
American Institute of Electrical Engineers (meeting of Jan. 29)..... 70
American Institute of Electrical Engineers (meeting of Feb. 24)..... 196
*American Institute of Electrical Engineers, Newly elected officers..... 388
American Institute of Electrical Engineers (programme of annual meeting).....344, 354
American Institute of Electrical Engineers, Report of the Council 398
American Institute of Electrical Engineers, Report of the annual meeting..... 386
Association of Railway Telegraph Superintendents (report of tenth annual meeting)..... 483
Franklin Experimental Club dinner..... 100
*Franklin Experimental Club, First annual dinner..... 111
Electrical Association of Pennsylvania..... 263
National Electric Light Association (announcement).....42, 110
National Electric Light Association, Attendance at the Providence Convention..... 179
National Electric Light Association (announcement of the Montreal Convention.)..... 469
National Electric Light Association, Exhibits at the Providence Convention..... 178
National Electric Light Association, Formation of, by F. S. Terry..... 166
*National Electric Light Association, Headquarters of THE ELECTRICAL WORLD 193
National Electric Light Association, Preparations for the Montreal meeting..... 232
National Electric Light Association, Report of the Providence Convention..... 157
National Electric Light Association, The organization of, by C. W. Price..... 164
Patent system, American centennial celebration of the establishment of (Report) 292
Permanent organizations of inventors and manufacturers..... 292
Pittsburg Electric Club..... 238

MECHANICAL.

*Alcott turbine water wheels on horizontal shaft..... 11
*Atkinson cycle gas engine..... 425
*Boring machine, An improved (Betts) 313
*Boyer railway speed indicator 295
*Climax wire tag..... 62
*Cope's wire tightener..... 348
*Cylinder condensation, Thermo-electric method of studying, by E. H. Hall..... 461
*Daimler gas and petroleum motor..... 42
*Dow steam turbine in the torpedo service, work of 296
*Dow steam turbine motor..... 154
*Dow steam turbine operating a dynamo..... 256
*Drill Press for electrical repair shops 100
*Flegle's covering for steam pipes 12
*Friction clutch pulley (Rice's) 102
*Grease tubes for loose pulleys..... 229
*Hill clutch coupling..... 442
*Leg screw wrench..... 62
*Morris swivel pole pulley..... 195
*Perry engine indicator..... 485
*Screwdriver, An insulated..... 263
*Screw machine (Garvin Machine Company).. 101
*Simplex gas engine, Trial of a 100-h. p..... 434
*Solano high-speed engine..... 348
*Steam power, Distribution of from the central station, by F. H. Prentiss..... 159
*Toggle bolt for electrical fixtures..... 195
*Turbine water wheels, Double..... 295
Vacuum pump, Test of a mechanical (the Berenberg)..... 454
*Van Auken's hot water automatic air valve.. 362
*Victor turbine operating an electric-light plant..... 363
*Water motor (Stillwell's)..... 348
*Westinghouse compound-engine governor.... 462
*Williams' engine for lighting and power purposes..... 120
*Wire covering machine (N. E. Butt Co.)..... 137
*Wire stretcher..... 101
*Woodbury engine 259

MISCELLANEOUS.

Accident in New York City..... 232
Alloys for resistance coils, by Dr. K. Feussner and Dr. S. Lindeck 216
Aluminium alloys..... 79
Aluminium, shall it be "alium," by Oberlin Smith..... 396
Brooks' underground system abroad..... 263
Carbon dioxide gas, Dissociation of, by the electric spark..... 46
Columbian Exposition, Electricity at the (appointment of J. P. Barrett)..... 108
Common sense from Chicago..... 338
Conductivity, Variations of, under different electrical pressures 3
Copper, Improved process for the production of..... 99
Copper production of the United States..... 41
Cyrus W. Field and his English associates.... 43
Data, Report of Committee on (Providence Convention)..... 176
Davenport, Thomas, Reminiscences of, by Riley Bowers..... 222
*Davenport, Thomas, The inventions of, by F. L. Pope..... 228
*Earth Currents, Phenomena of, by Wm. Finn. 57
*Economy in conductors in systems of distribution, by Hamilton Kilgour..... 22
Edison company, Annual report of the..... 54
Edison Illuminating Company of New York, Annual report of..... 102
Edison's boyish ambition 330
Electrical arcadia, An, by E. H. Johnson..... 247
Electrical books and apparatus, Loan collection of, at the New York Electric Club..... 405
*Electrical cable testing: I., by Henry W. Fisher..... 481
*Electrical construction, Some notes on methods of, by Franklyn Mason 294
*Electrical engineering at Purdue University..... 255
Electrical horse powers, Table of..... 147
Electrical industries, The place of, in history, by J. Elfreth Watkins..... 164
Electrical progress in Japan..... 331
Electrical progress in Paris 62
Electrical science, The effect of invention upon the progress of, by Cyrus F. Brackett.. 294
*Electrical undulations, A résumé of the experiments of Prof. Hertz..... 25
*Electric and magnetic screening, by Sir Wm. Thomson 346
*Electric arc and its use in lighting, by Prof. Elihu Thomson..... 166
*Electric arc, An experiment with an, by Wm. Stanley, Jr..... 204
Electric arc, A photographic study of, by Prof. Edward L. Nichols,.....398, 421
Electric arc, Flow of current through 263
Electric discharge in vacuum tubes, Some experiments on, by J. J. Thomson..... 436
Electric discharge, Rate of..... 41
Electricity and fires..... 108
*Electricity in transitu: from plenum to vacuum, by Prof. Wm. Crookes.....94, 116, 134
Electric light wiremen, Practical suggestions for, by Elmer E. Warner. 87
Electric Mutual Insurance Company, First annual report of..... 102
*Electromagnetic mechanisms, by Prof. S. P. Thompson 47, 63, 135
